Practically Settled That Hanson and Baker Will Box Twenty Rounds.

Everything is moving along smoothly in connection with the big benefit which will be given at the Salt Palace saucer on Wednesday, June 26, for the family of Henry Potter, the young policeman who was killed in a motorcycle race at Wandamere last week. Yesterday Nelson & Langford, lessees of the Salt Palace, noti-fied the committee in charge that the use of the saucer track lights and every-thing in connection with the place will be donated to the committee. be donated to the committee.

"We will also take off our coats and hustle to make the show a big success," declared Mr. Langford.

Manager Floyd MacFarland of the saucer track also notified the committee that his services are at its command. It looks as though Manager Harry Heagren will be able to get Howard Baker and Vic Hanson matched for twenty rounds as the main event of the entertalnment. W. C. Jones, representing Baker, and Fred Winsor, manager of Hanson, met last night and agreed upon 155 pounds at 6 o'clock. This will give Hanson about six pounds the best of the weight.

Jones also insisted that the men hox straight Marquis of Queensberry rules and that each post a forfeit of \$150 to guarantee his weight. These demands were satisfactory to Winsor, but the committee has already stipulated that the kidney punch must be barred and the rules will have to be modified to that extent. committee has already supulsed the kidney punch must be barred and the rules will have to be modified to that extent.

Jones also insisted that Willard Bean be named as referee. Hanson had no objection to this as he understands that the selection of a referee rests with the committee in charge of the benefit. Payzant, Ezra Thompson, J. C. Lynch and A. H. Crabbe. The committee has already laid down its rules for the contest and has simply offered Baker and Hanson the match. Hanson has agreed to all of the terms and is ready to sign. It is expected that Eaker will do the same when he realizes that this match is being handled by business men who do not approve of haggling and who are not likely to change the conditions for the bout at the demand of any boxer.

GOULLET WINS IN

was doubled over his handle bars, but failed to cut down Goullet's lead, the latter finishing the heart-breaking sprint by half a foot ahead of Lawson.

The unlimited pursuit race between Clarke, Hehir and Walker as the Australian team, and Fogler, Root and Hill, representing America, was short, fast and decisive, the latter combination overhauling the Australians within the first lap of the second mile, the American team being the aggressors all the way.

Goullet, Clarke, Fogler and Hehir made a pretty finish in the three-mile lap handleap, finishing in the order named. Goullet, Lawson and Clarke started from scratch. Downing, Morgan and Achorn started from the 185, 180 and 200-yard marks, respectively, formed a combination for taking down the lap money. They were overhauled by Walker, pacing the rear bunch, early in the second mile.

Thomas won the half-mile handleap professional Walker was second, Clarke third and Hehir fourth. Both the qualification and finish heats were run off near record time, with the riders closely bunched at the finish.

The amateurs made a good race of the three-quarter mile handleap, Kramer, Stahl, Oberg, Gemple, Herman, Cook, Stowell, Schmertz, Huey and Wilkins lining up at the final, Cook was given a 70-yard lead over the scratch men and held it, taking first money, with Stahl, Stowell, Gemple and Oberg strung out behind.

The Wasaich stakes, valued at \$400, and a unique contest on a cycle race The Wasatch stakes, valued at \$406, and a unique contest on a cycle race track, will be the feature event on the programme at the Salt Palace saucer Friday night. In this race cight of the best riders—Goullet, Clarke, Lawson, Fogler, Walker, Hehir, Root and Hill—will take part. These riders will contest in eight heats, three riders to the heat and each rider competing three times. No two riders will compete against each other more than once. Points will be scored for first, second and third positions and the rider having the highest number of points will be the winner.

CHAMPION FIGURES IN DOUBTFUL FIGHT

By International News Service NEW HAVEN, Conn. June 11 - John Coulon and Frankie Hayes of St. Louis Coulon and Frankie Hayes of St. Louis were the principals tonight in a very suspicious looking affair. In the first three periods the boys were so clearly stalling that Referee Flizgerald, at the end of the third round, left the ring, declaring he was not going to be a party to a frame-up. He said the boys had refused to fight despite his warnings. The bout was continued, however, by direction of Chief of Police Cowles, with Announcer Doherty as referee.

When the boys came together in the fourth Hayes went to the floor under a blow that seemed to have very little steam behind it, but was en his feet at the count of eight, only to go down again for the complete count. Doherty declared Coulon the winner to the accompaniment of hisses and catcalls from the crowd.

Cross Excels Redmond.

NEW YORK, June 11—Leach Cross outboxed Jack Redmond of Milwaukee in a ten-round hout tonight. Both men weighed in at 136 pounds. In the fourth round Redmond landed a hard left to the Jaw and a right to the wind, shaking his opponent and causing him to cover. In the fifth two lefts to the face brought blood from Crosa's mouth, but he retailated with a left hook that cut Redmond's right eye and bothered him for the rest of the contest.

Speeches Are Made and Bonds of Friendship Strength-

ened.

BURLEY, Idaho, June 10 .- The Oregon Short Line "Get-Acquainted special" arrived in Burley this morning from Oak-ley, bringing a number of Short Line of-ficials who remained in the town several

ficials who remained in the town several hours.

The railroad men were met at the depot by a representative delegation of business men who escorted the visitors to the Hotel Burley where a "get-acquainted" meeting was held. C. W. Kaar, vice president of the chamber of commerce, presided, and after a few introductory remarks introduced D. R. Gray, district freight and passenger agent, who talked interestingly of the trip which the officials are making, which is purely for the purpose of getting in closer touch with the business interests along the line. He paid a glowing tribute to the wonderful development which is taking place in this section of southern idaho, and drew a comparison to the time when he rode on horseback through the country twenty years ago.

C. J. McNitt, auditor for the railroad company, spoke of the friendly relations which have always existed between his company and the citizens of Burley. He said that of the \$14,000 which was advanced by his company last year for the purpose of furnishing seed grain for many farmers on the south side Minidoka project, all but \$255 had been paid back, and that a further extension of time had been allowed on this balance.

T. A. Martin and A. R. McNitt followed with brief addresses, and responses for the town were made by S. G. Rich, cashier of the Burley State bank, and Attorneys E. J. Hunter and S. T. Lowe, and Hal G. Blue, superintendent, and D. S. Spencer, assistant general passenger agent of the Oregon Short Line, were then called upon, and responded with brief addresses which were well received and which will add further to the good will which already exists between the railroad company and the people of Burley.

BURLEY, Idaho, June 11.—One of the largest real estate deals closed in Cassin county for some time, was made at Oakley last week when David Eccles & Co. of Ogden bought the Lenhoft place at island consisting of \$20 acres, the consideration being \$20,000. The machinery and consideration being \$20,000. The machinery and considerable stock went with the place.

The title to the property was made out to David Eccles & Co., but who the other members are comprising the company was not given out. The purchasers are interested in the raising of sugar beets, and it is expected that this industry will be developed to a considerable extent in the Oakley valley. It is not improbable that a new town will be promoted by David Eccles & Co. on the land just acquired, as it is centrally located on the Twin Falls-Oakley project, and is the logical site for the principal town in the Goose Creek valley.
